

Frequently Asked Questions

To help you best understand our service please read through the frequently asked questions below:

Q: How do you generate leads for my business?

A: It's a simple 1 – 2 – 3 step process.

Q: How do I know the leads are quality or interested in Our Product or service?

A: Our leads are 100% visitor requested. In addition they are informed upon sign up that they will receive a call from a company about their HVAC Services needs.

You can be assured these contact details are not generated using techniques that are seen as illegal or unethical. **The leads we generate are not incentivized** to complete the lead application form. It is in your interests that we maintain a quality service at all times to ensure you become one of our many repeat clients and continue to build your business using our services to help you.

We also are fully compliant with the CANN Spam and Data Protection Laws.

Q: How many orders can I expect to receive from your lead generation pkg.?

A: This really depends on the quality of your sales staff and the quality of your service and product.

We can guarantee that ALL the leads have requested a contact from a company selling your product or service and therefore they are likely to buy.

To assist you in closing more sales from leads we will give you a complete special report compiled by our clients using their tried and tested methods which will close more sales as a result.

Q: Is there a minimum commitment to the # of leads or months I sign up for?

A: No, you choose how many leads and what type and for how long. When you sign up, all the leads that you have chosen will be delivered DURING the next 30 days.

When you have received all the leads you requested you would need to place another order. We believe this is the best way to ensure you are 100% delighted with your order.

If you wish to save yourself the hassle of signing up each month then you can select a recurring plan that will re-bill automatically every 30 days.

Q: Who owns the lead once I have got it?

A: You own the right to that lead. If you wish to contact them more than once then you can, however be aware that you will need to offer them an unsubscribe method from our mailing or call list to operate 100% legally in the US as part of the Data Protection act.

Q: Are the same lead sold to other firms?

A: No. We only sell each lead to ONE company exclusively. Therefore you need not worry your competition will be approaching the same lead as you.

Contact Us

If you wish to submit a request for us to tailor a HVAC Services lead generation package for your company then please contact us at any of the details below and one of our account managers will contact you in 24-48 hours.

Are You Looking to: **ATTRACT MORE Highly-Targeted LEADS For You to Close More Sales?**

We are the only US lead generation company that offer highly targeted: HVAC Services leads.

Our simple yet highly effective method of generating consumers who are looking to buy a HVAC Services will provide your business with a consistent steady supply of exclusive fresh **HEATING & COOLING Services Leads.**

You can dramatically reduce the time you spend cold calling prospects to find a sale. Now with More HVAC Services Leads tailored leads package you can be calling potential customers who want to buy from you.

Many businesses find that Pay-Per-Lead is more cost-effective than newspaper or press advertising such as magazine advertising as it produces guaranteed results and the average cost per lead is lower.

Why Choose Us?

We know that you have a wide choice of options when choosing a company to help your business. There are many consultants, advertising companies and organizations that will give you the help and advice you need to succeed.

However, putting all this information into practice and achieving consistent results takes time, money and effort.

We have been generating leads for our clients since 2004 and have grown to become one of the Nation's largest "Indy"- independent niche lead brokerage house for small to medium sized businesses.

We are the only US lead generation firm that offer highly targeted online leads.

You can be assured that we are here to help you every step of the way. When you order a tailored leads package of your choice **you'll receive a free special report** to help you close more sales. This unique report has been developed over a number of years with our clients feedback and using their proven strategies.

Furthermore if you are not 100% delighted with the leads we provide your business then we will work with you until you make that important sale.

Why not give us a call to see how we can help you by custom-tailoring one of our lead generation packages for your HVAC business.

How It Works

Like everything that is effective, the method we use in generating targeted leads for your business is simple. It's a simple 1 – 2 – 3 step process.

Step One - We have a network of over 1,000 high traffic niche focused websites, which is growing daily, where we place a lead request form for a visitor to complete if they are interested in being contacted about buying HVAC Services.

When they complete this form they are informed that you will be contacting them in the next hour or so to discuss their requirements.

Step Two - We then filter all this information to ensure it is correct and then sort this data to ensure you only receive the types of leads you requested.

Step Three - We then will feed your business details via email to the potential customers. All you need to do is contact them as they are expecting your call and answer any questions about your firm's product or service and close the sale.

We know through thorough testing that the methods we use will produce consistent results and **deliver you targeted quality potential customers directly to your business daily by email and/or fax.**

You can be assured these contact details are not generated using techniques that are seen as illegal or unethical methods.

The leads we generate are 100% requested by the visitor and are not incentivized to complete the lead application form.

It is in our interests that we maintain a quality service at all times to ensure you become one of our many repeat clients and continue to build your business using our services to help you.
